DONOR DOLLARS AT WORK

The Philips Healthcare Telemetry System supports wireless bedside monitoring and telemetry. This modern technology includes compact, lightweight patient monitors designed to give patients the freedom of movement, even while showering. The Bonnyville Health Foundation has been able to fund \$144,113 for this recent enhancement thanks to generous donors.

Another transformation of
good healthcare to *great* healthcare!

When I arrived at the emergency department, my concerns were taken very seriously and I was seen almost immediately. The nurses and doctor were very kind and patient, kept me updated about everything that was going on, asked about my comfort, and, I believe, got me on my way as quickly as possible."

PATIENT REVIEW - Nicole S., Ottawa, ON

Thank You, Nicole, for your
\$100 donation in honour of our ER staff!

Thank You, Town of Bonnyville!

Town of Bonnyville
It's Multi-Natural

The Bonnyville Health Foundation was thrilled to team up with local sponsor: The Town of Bonnyville to serve lunch & treats to our entire hospital staff on Thursday, August 18. What a great morale booster this was for our hard working teams at the Bonnyville Health Centre!

Thank You to all of the amazing local businesses and donors who recently contributed to a local third party fundraiser, Kilometres For a Cure. Five local riders, Rejean Bourget, Scott Thackeray, Daniel Bernier, Isaac Fagnan, and Mackena Foisy from the Bonnyville area set out on a 60km annual bike ride on August 19, 2022 from Moose Lake to Cold Lake.

This year, they've collected over \$4,600 for our Bonnyville Community Cancer Clinic.

To make a donation to the BCCC, visit www.bonnyvillehealthfoundation.org today.
